Building a Demo Environment

Nephio R1 Concepts and Tutorials
Episode 4
July 2023

Prerequisites:
- None

https://nephio.org/learn

John Belamaric, Sr Staff Software Engineer, Google
Nephio SIG Automation Chair
Kubernetes SIG Architecture Co-chair
Demo Environment

VM

Docker

Management Cluster (kind)

Specific components installed using KPT packages

Porch

Configsync

Nephio Controllers

Nephio WebUI

Base components installed using KPT packages

Metal LB

Cert Manager

Gitea

Postgres

Cluster CAPI

Backend-IPAM

Backend-VLAN

docker

tnp

kind

kubectl

kpt

cni

gtp5g Linux Module
