Nephio Meetups, 2024

Bangalore, India - Spring 2024

Location: Google, Bagmane Tech Park, Bangalore, India
Room: Bagmane Capital, Kyoto West Tower
Date: 4 April, Thursday
Time: 10AM to 4PM
Meetup Name: Nephio Meetup, India | Spring 2024

About Nephio

- Opensource project consortium that delivers simple, open, Kubernetes-based cloud native intent automation and common automation templates
- Deployment and management of multi-vendor cloud infrastructure and network functions across large scale edge deployments
- Faster onboarding of network functions to production, including provisioning of underlying cloud infrastructure with a true cloud native approach
- Reduces cost of adoption of cloud and network infrastructure
